Professional Expectations

School Information Packet

Each school retains an information packet relevant to the operation of the school. It is beneficial to arrive early enough to familiarize yourself with the information contained in this packet.

Work Schedule

In accordance with the agreement between the Montgomery County Education Association (MCEA) and the Montgomery County Board of Education (Board), “Each substitute unit member will work the same number of normal hours worked by the unit member who is on leave or the scheduled number of hours for the vacant position. Starting and dismissal times shall be assigned by the principal.”

Required Days

A substitute teacher must work five days during each semester as a substitute teacher (half or full days) to remain employed with MCPS. If you have no reported earnings as a substitute teacher during the semester, substitute employment will be terminated at the end of that semester.

Employee Code of Conduct

Each substitute should review the *MCPS Employee Code of Conduct*, available on the MCPS website at www.montgomeryschoolsmd.org/staff. This document provides a general overview of the legitimate expectations and standards of conduct that MCPS and the broader community expect employees to follow in carrying out their important part of the district’s mission. In addition, this *MCPS Employee Code of Conduct* summarizes the disciplinary procedures that MCPS uses to address situations where employees fall short of our expectations and standards of conduct.

The *MCPS Employee Code of Conduct* applies to all MCPS employees, both certificated and noncertificated, full- and part-time, as well as substitutes and others employed in a temporary or seasonal capacity. Many aspects of this *MCPS Employee Code of Conduct* are based on applicable Board policies and MCPS regulations and other guidelines (referred to hereafter as MCPS rules), as well as negotiated agreements and state and federal laws. This *MCPS Employee Code of Conduct* is not intended to replace these resources, but rather to provide a one-document summary and reference point of appropriate items that would be useful to all employees. Please note that this *MCPS Employee Code of Conduct* is not a contract, and the policy and legal requirements that it references are subject to change and supersede the statements contained in this publication.

Each substitute should review the *MCPS Employee Code of Conduct* because it provides expectations for the following:

- Ethical Conduct in the Work Environment
- Ethical Conduct with Students
- Ethical Conduct with Colleagues, Parents/Guardians, and the Community.

Further information about performance and misconduct issues and discipline procedures can be found in MCPS Regulation GEF-RA, *Substitute Teachers*.

A Student’s Guide to Rights and Responsibilities

A Student’s Guide to Rights and Responsibilities is available on the MCPS website at www.montgomeryschoolsmd.org/students/rights.

This booklet is a guide to the rights and responsibilities that students enjoy in MCPS, and is only a summary of state and federal laws, Board policies, MCPS regulations, and MCPS rules that affect students. It is not a definitive statement of student rights in any particular situation. Board policies and MCPS regulations are available at www.montgomeryschoolsmd.org/departments/policy. MCPS rules also are subject to change and shall supersede the statements and references contained in this publication. Substitutes are to review A Students Guide to Rights and Responsibilities to learn more about student’s rights and responsibilities in MCPS.

One area in which students are protected is participation in patriotic exercises.

Patriotic Exercises

Students will have the opportunity to participate in and/or watch patriotic exercises in school. Students have a right to not be compelled to participate in patriotic exercises, or be penalized or embarrassed for failure to participate. A student may not interrupt others who are participating in patriotic exercises.

Nondiscrimination

Montgomery County Public Schools (MCPS) prohibits illegal discrimination based on race, ethnicity, color, ancestry, national origin, nationality, religion, immigration status, sex, gender, gender identity, gender expression, sexual orientation, family structure/parental status, marital status, age, ability (cognitive, social/emotional, and physical), poverty and socioeconomic status, language, or other legally or constitutionally protected attributes or affiliations. Discrimination undermines our community’s long-standing efforts to create, foster, and promote equity, inclusion, and acceptance for all. Some examples of discrimination include acts of hate, violence, insensitivity, harassment, bullying, disrespect, or retaliation. The Board prohibits the use of language and/or the display of images and symbols that promote hate and can be reasonably expected to cause substantial disruption to school or district operations or activities. This prohibition will not be used, however, to prevent responsible discussion of such language, images, or symbols for educational purposes. For more information, please review Board Policy ACA, Nondiscrimination, Equity, and Cultural Proficiency. The MCPS Nondiscrimination Statement can be found on the MCPS website at www.montgomeryschoolsmd.org/info/nondiscrimination/ and on the back cover of this handbook.

Respecting Religious Diversity

MCPS is committed to promoting respect and appreciation for the religions, beliefs, and customs of our diverse student population. MCPS believes that multiculturalism is one of our greatest strengths and should enrich our community as we learn together in our schools. Respect is a core value of MCPS and, therefore, fostering a culture where all families feel respected is of utmost importance. MCPS Guidelines for Religious Diversity is available on the MCPS website at www.montgomeryschoolsmd.org/students/rights/.

Guidelines for Student Gender Identity

MCPS is committed to a safe, welcoming school environment where students are engaged in learning and are active participants in the school community because they feel accepted and valued. To this end, all students should feel comfortable expressing their gender identity, including students who identify as transgender or gender nonconforming. (Related Board Policies and MCPS Regulations: ACA, ACF, JHF, JHF-RA, ACA-RA, ACF-RA). It is critical that all MCPS staff members recognize and respect matters of gender identity; make all reasonable accommodations in response to student requests regarding gender identity; and protect student privacy and confidentiality. To assist in these efforts, MCPS has developed guidelines for student gender identity that are aligned with the Board's core values, guidance from the Maryland State Department of Education (MSDE), and the Board Policy ACA, *Nondiscrimination, Equity, and Cultural Proficiency*, which prohibits discrimination, stigmatization, and bullying based on gender identity, as well as sex, gender, gender identity, gender expression, and sexual orientation, among other personal characteristics. These guidelines cannot anticipate every situation which might occur. Consequently, the needs of each student must be assessed on a case-by-case basis.

All students have the right to be referred to by their preferred name and/or pronoun. Students should be addressed by school staff members by the name and pronoun corresponding to the gender identity that is consistently asserted at school. The student's preferred name should be used for classroom rosters (especially those provided to substitute teachers), identification badges, announcements, certificates, newspapers, newsletters, and yearbooks.

The 2019-2020 Guidelines for Student Gender Identity can be found at www.montgomeryschoolsmd.org/students/rights/ along with the *MCPS Student's Guide to Rights and Responsibilities*, the *MCPS Student Code of Conduct*, and the *MCPS Guidelines for Respecting Religious Diversity*.

Classroom Control and Discipline

Each substitute should review the *MCPS Student Code of Conduct*, which is available on the MCPS website at www.montgomeryschoolsmd.org/students/rights/. The purpose of this document is to promote fairness and equity through clear, appropriate, and consistent expectations and consequences in addressing student misbehavior and to ensure that students learn from

their mistakes and make appropriate amends when their behavior affects others. MCPS strives to create positive school climates where students, parents/guardians, and all staff work together respectfully to maintain an orderly and safe learning environment focused on teaching and learning.

The use of physical restraint or seclusion is prohibited in MCPS, except under very limited circumstances specified in MCPS Regulation JGA-RA, *Classroom Management and Student Behavior Interventions*. Care should be taken during the resolution of disciplinary matters to avoid physical contact, unless absolutely necessary.

Inappropriate language, threatening statements, or profanity used by substitutes will not be tolerated.

If you feel immediate follow-up is needed regarding any student's behavior, contact a school administrator or counselor immediately. Do not attempt to contact a parent or guardian directly in a short-term substitute assignment.

Corporal Punishment

MCPS Regulation JGA-RA states that the use of corporal punishment is prohibited in MCPS under any circumstances, and that administering of such punishment is grounds for disciplinary action.

Alcohol-free and Drug-free Workplace

MCPS Regulation COF-RA, *Alcohol, Tobacco, and Other Drugs on MCPS Property*, states:

- No person may possess, use, or sell alcohol on MCPS property, except for very limited circumstances when it may be approved by the Board.
- No person may sell or use tobacco on MCPS property at any time.
- No person may manufacture, distribute, dispense, or possess with intent to distribute, a controlled dangerous substance in, on, or within 1,000 feet of an MCPS property or in an MCPS vehicle.

Confidentiality

All substitutes are expected to maintain the confidentiality of information that they obtain through their work, including employee and student records.

Inclement Weather

Long-term substitute teachers working more than 10 consecutive days in the same assignment do not report to work on snow days. These substitutes will be granted emergency leave and paid for any snow day occurring during their long-term substitute tenure. Short-term substitutes are paid for a full day for delayed openings and early closings. They are not reimbursed for snow days.

Emergency Preparedness

You are a very valuable member of the MCPS family. Our students are entrusted into your care, and it is imperative that you know what to do and where to go if an emergency arises. Remember to be prepared, because the students will look to you for direction. Please also see "Emergency Preparedness Procedures: Guidelines for Lockdown-Evacuation-Shelter" on pages XX

Board Policies and MCPS Regulations

Board policies and MCPS regulations are available on the MCPS website, www.montgomeryschoolsmd.org/departments/policy/.

Child Abuse and Neglect

All MCPS employees are required to complete the online training, as stated in MCPS Regulation JHC-RA, *Reporting and Investigating Child Abuse and Neglect*. MCPS has committed to training all employees on recognizing the signs of child abuse and neglect and on the mandated procedures for reporting suspicions of such activity.

By not completing the training, you jeopardize your ability to continue to accept substitute jobs. You will register for the module through the Professional Development Online (PDO) website. To register for the module, please visit the PDO website at <https://pdo.mcpsmd.org/U/P/Channel/-/Guest/Login>. The course is a component of the 2021–2022 Districtwide Compliance Training.

IF THERE IS DOUBT ABOUT WHETHER TO REPORT ABUSE OR NEGLECT, ALWAYS ERR IN FAVOR OF MAKING THE REPORT.

Districtwide Compliance Training

In addition to the mandatory training on child abuse and neglect, all MCPS employees, including substitute teachers, are required to complete a series of compliance training modules which range in topic from bullying to diversity to the *MCPS Employee Code of Conduct* and have a length of 15 to 20 minutes each. Returning substitute teachers will receive an email from the Office of Human Resources and Development with instructions on how to access the training modules as well as due dates for completion. New substitute teachers will receive information on how to complete the Compliance Training.

Advice for Substitute Teachers

We value the cultural background and experiences of all MCPS employees. Each substitute should review the *MCPS Employee Code of Conduct*. The following suggestions come from successful substitutes and apply across grade levels and subjects.

- Arrive at school with sufficient time to organize materials and familiarize yourself with local school rules, bell times, and procedures.
- Take advantage of available school resources, starting with the office. Check with administrators, counselors, and secretaries to get any general information you will need to know that day.
- Greet students warmly at the beginning of class.
- Make sure to locate class seating chart(s) as soon as possible. Take attendance. If you are unsure how to pronounce a student's name, spell the student's name and ask him or her to pronounce it. Use the seating chart to call on students.
- While you should typically find a well-planned lesson available for use, it is always a good idea

to have supplemental plans handy in case the teacher's plans do not cover the time allotted for class. Your plans should be generic and deal with appropriate subject material. The following are some suggestions:

- » Ask the students to write down 5–10 questions pertaining to the subject matter they are reviewing, and then use the questions to have a class discussion.
 - » Write vocabulary words (10 to 20) on the board, and ask students to use them in sentences. Have the sentences read, and/or use the words to build a crossword puzzle.
 - » Keep exercises, brain teasers, mathematic detective puzzles, and mysteries to fill in a mathematic lesson. Check the media center for materials. Let students work individually or in teams, based on your comfort with classroom control.
- Expect the unexpected. Be ready for contingent action. Stay in control.
 - Those teaching in the same grade can review leave plans, make suggestions, and give you ideas. Resource teachers and interdisciplinary resource teachers are excellent resources to consult in secondary schools. Please ask for their support if needed.
 - The media specialist can answer questions about the relevance of materials or share resources that are related to the lesson plan. The media specialist's help can be critical if a lesson is too short or to check the appropriateness of personal materials.
 - Building positive relationships with students will increase your ability to manage the classroom.
 - Show an interest in each student you encounter.
 - Never leave students unattended. Adherence to school rules (e.g., regarding food, drinks, hats) is expected at all times in a fair, firm, and consistent manner. Refer students to the school nurse, health room technician, or other appropriate staff member in the case of cuts, injuries, or use of medication. Other circumstances also may warrant referral to the same individuals.
 - Refrain from any action or conduct that endangers or potentially threatens the health and/or safety of self or others.
 - Always address students in a friendly, nonconfrontational, nonthreatening tone of voice.
 - Dress for work in a professionally appropriate manner to encourage student cooperation and respect.
 - Follow lesson plans, in accordance with the teacher's directions. Ask questions of appropriate staff regarding meaning, intent, availability, location of resources, or any obstacles to strict adherence to the teacher's lesson plans.
 - Leave written feedback for the teacher regarding the day's activities (positive as well as negative student behavior, notification of any unusual events).
 - Leave the classroom and instructional materials in an orderly manner.

Using the Substitute Employee Management System

How Substitutes Receive Assignment

Teachers and principals register requests for substitutes with an automated Substitute Employee Management System. Substitute coverage is arranged by referring to the school's lists of preferred substitutes or by requesting one specific substitute. Also, teachers can register prearranged assignments directly with a substitute so that the substitute does not get calls for other jobs that day. If a preferred substitute is not assigned, the system calls other substitutes, based on subject and location preferences submitted during new-substitute orientation.

Calling Times

During the school year, the substitute system calls substitutes from 5:45 a.m. to noon and from 4:30 p.m. to 9:30 p.m. Calls also will occur afternoons and evenings, weekends, and some holidays. Morning calls are limited to jobs for that day, but the computer arranges coverage as far into the future as it can each evening and on weekends. Schools maintain separate lists of preferred substitutes for each subject area. These substitutes are always called first, unless a teacher specifies that a particular substitute is to get the first call. The computer then calls other substitutes whose location and subject preferences match the assignment.

Tips on Using the System

Hit the phone keys squarely and briefly. When entering data, **do not hold a key down for very long.** The system allows 30 seconds between entries so that you do not have to rush, but a long tone may be improperly interpreted.

- If you make a mistake or the computer does not respond, hitting the star (*) key repeatedly will bring you to a point where you can start over.
- If you make a mistake while trying to accept a job, call the Central Substitute Office immediately. **Remember, until you hear the job number, you have not accepted an assignment offered by the computer.**
- If you have call-waiting, complete your interaction with the Substitute Management System before transferring to the other line. If you do transfer, the computer will disconnect within 30 seconds.

- If the system disconnects after you have entered your PIN, the system registers the call as a decline and will not offer you that job again.
- As you become familiar with the system, bypass the instructions. As soon as the system answers you may enter your PIN before the system requests the PIN.
- If you know the option you want, you do not have to listen to the other options before entering your choice.
- If you press a key while the system is talking, it will normally execute the option you have selected as soon as the message is complete.

Prearranged Assignments

Teachers should register jobs on the computer even when they contact you directly to arrange an assignment. Teachers are required to register prearranged substitute jobs for three important reasons:

1. *If you have to cancel a job, the computer immediately seeks a replacement.* If the job is not registered, the teacher and the school must be contacted so that alternative coverage can be arranged.
2. *Principals and coordinators call to review absences.* If problems arise and your job is registered, the system provides the information schools need to contact you.
3. *The system will avoid calling you to offer other jobs on a day when you already have an assignment.* Most substitutes appreciate this, and it allows the system to concentrate on other assignments.

If you accept an assignment directly from a teacher, you do not have to confirm acceptance with the computer. Teachers will confirm your acceptance when registering the absences. Please confirm with the teacher that he or she will register the assignment so that you will not be contacted for other assignments that day. You may call and obtain the job number using the review process, but this is not required.

Substitute Misconduct and Performance Issues

Substitute teachers are maintained on the MCPS roster of eligible substitutes, contingent upon their ability to comply with personal and professional standards of conduct. Article 6 of the Substitute's Contract, which appears on page 91 of the collective bargaining agreement between the Montgomery County Education Association and the Montgomery County Board of Education, states: "No substitute teacher will be disciplined without proper cause." This standard recognizes that employees should adhere to expected standards of behavior and failure to do so may constitute "proper cause" for discipline or discharge from employment. Discipline of a substitute may include reprimands and warning notices, as well as removal from a substitute list at a school or systemwide. Discipline is subject to review and appeal through grievance and appeal processes provided by law, Board

policies, MCPS regulations, and negotiated agreements. In general, if a substitute is deleted from the list of those eligible to substitute at three different schools, the substitute also will be removed from the list of those eligible to substitute in any MCPS school. Nevertheless, a more serious infraction may warrant termination of a substitute teacher, even for a first-time offense such as prohibited criminal conduct.

Below are examples of inappropriate behavior or performance issues that violate the standards in the *MCPS Employee Code of Conduct*. The examples are illustrative and nonexhaustive. Nonetheless, conduct that is not expressly listed may warrant disciplinary action:

- Poor classroom management or poor performance of substitute duties
- Arriving late, leaving early, or not reporting for the substitute job assignment
- Improperly departing from (not following) the MCPS curriculum
- Theft or destruction of MCPS's or another's property
- Inappropriate use of technology

Guidelines on these issues are set forth in more detail in the *MCPS Employee Code of Conduct*, as well as applicable laws, Board policies, MCPS regulations, MCPS rules, and negotiated agreements.

Marketing Yourself

You may wish to search for jobs or wait for the central substitute calling system to offer you a substitute position. If you wish to search for open substitute jobs, do the following:

- Choose the schools where you would like to work. Telephone those schools and leave your name, telephone number, email address, and qualifications. Express your interest in desired grade levels. Also, you may notify the schools by leaving a business card or handwritten note with the same information. Leave enough business cards and/or notes for distribution.
- After substituting in a particular school several times, ask the principal to include your name on the priority substitute list. If the principal does this, your chance of getting calls from the central substitute calling system for that school increases dramatically.
- Do your best at each substitute assignment you receive. Satisfied teachers will recommend you to their teammates and friends.
- If you still do not have a position at 7 a.m. on a day you want to work, call the Central Substitute Office at 301-279-3280. A staff member will place you for that day if there are appropriate jobs available.
- Teach each class as if it were your own.

Emergency Preparedness Procedures

Guidelines for Lockdown–Evacuate–Shelter

Lockdown

When there is a threat on school property, but the severity and location is unknown, principals/administrators may elect to activate a schoolwide Lockdown for the safety of all, which will override implementation of Lockdown with Options procedures.

Persons Authorized to Call a Lockdown

School administrators or their designee will notify students, staff, and visitors via public address (PA) system and two-way portable radios when a Lockdown is in effect. Directions should be given to immediately move to Lockdown mode. Staff should make an announcement and notify 911 and Office of Teaching, Learning, and Schools, School Support and Improvement. (OTLS-SSI).

Lockdown Alert

- When the administrator/designee announces a Lockdown, scan the immediate area outside the classroom or office for any students and staff. Allow them in the classroom/office, and immediately lock or secure the door if possible.
- Make the room look unoccupied by turning off the lights, closing and/or covering the windows and blinds, and moving away from the line of sight from the doors and windows. Remain silent.
- If staff and students are inside the building but outside a classroom or office when a Lockdown is called, move students to the nearest securable location.
- Staff supervising students outside when a Lockdown alert occurs inside the building should be notified of the Lockdown activation by PA or two-way radio. Staff and students should move to a predetermined safe location identified on the school's emergency plan, away from the building, and maintain communication with the command post.
- Ignore the fire alarm system and class change bells.
- Wait for further instructions.

Lockdown with Options...

When a school is faced with an active assailant intending to do harm against a school, staff, or students, a *Lockdown with Options* will be initiated.

When a *Lockdown with Options* is announced or initiated based on situational awareness, everyone in the school must decide whether to **AVOID**, **DENY**, or **DEFEND**:

AVOID—If safe and practicable to do so, **AVOID** the area by quickly moving/fleeing as far away from the threat as possible.

DENY—When you cannot safely **AVOID**, or it is impossible to do so, lock and barricade your room to **DENY** access to an assailant, following Lockdown procedures.

DEFEND—as a last resort, act by yourself or with age-appropriate students, to **DEFEND** yourself from the assailant.

Important Terminology

Situational Awareness – taking in the details of your surroundings, so you can adapt and respond to challenging situations in a safe manner, if and when they arise.

Safe Corner—areas in classrooms where students and teachers would not be visible from hallways, windows, or door openings.

High-risk Zone—refers to areas such as stairwells, hallways, and doorways that are generally narrow, confined areas that offer little or no cover or concealment.

Protective Assets—available furniture, such as desks, chairs, file cabinets, and tables, can be placed against a door to block or **DENY** entry to an office or classroom.

Evacuate

There are two types of evacuations: *fire* and *directed*.

Fire Evacuation

- Activate fire evacuation alarm.
- Students/staff/visitors leave the building by the nearest exit.
- Proceed to a point at least 50 feet from the building.
- Perform an accountability of the students/staff/visitors.

Directed Evacuation

- Will be used during possible high-level bomb threats, an identified suspicious package, or an inside hazardous material release.
- Notify 911 and OTLS-SSI.
- Determine a plan to direct everyone away from the known danger area.
- Announce via PA and two-way portable radio.
- Students/staff/visitors must evacuate to a point at least 300 feet from the building.

Shelter

This term is used to alert staff that an emergency exists at or near an MCPS facility. It requires all students to be accounted for and under supervision. Administrators may activate OSET and set up a command post when appropriate. There are three types of shelters: *Public Safety*, *Severe Weather*, and *Outside Hazardous Materials Release*.

Persons authorized to call a Shelter alert

Administrators or their designee will notify students/staff/visitors via the PA system and two-way portable radios when a Shelter alert is activated. It is recommended that an age-appropriate announcement of a Shelter alert include a brief description of the nature and location of the incident.

Public Safety Shelter Alert

- When the administrator announces a Public Safety Shelter alert, bring outside students/staff/visitors into the main building; relocatable classrooms are secured but not evacuated.
- Outside doors are locked and kept secured.
- Students should be accounted for in an instructional area.
- Classroom instruction should continue.
- Staff must document attendance and report any discrepancies to an administrator/designee.
- During a Public Safety Shelter alert, classroom lockdown is not required.
- OSET may be activated by an administrator during a Public Safety Shelter alert via a PA announcement and two-way portable radios.
- Depending on the nature of the emergency or potential threat, it may not be appropriate to change classes. In these situations, class bells should be turned off and students and staff should remain in their classrooms until directed otherwise by the administrator/designee.
- Do not ignore the fire alarm system.

Severe Weather Shelter

A severe thunderstorm or tornado warning is activated for the area near the school.

- Students/staff/visitors must report to the identified weather-safe areas inside the building.
- Relocatable classrooms are to be evacuated to the main building.
- Bring the emergency kit, emergency kit cell phone, and Nextel phone to the identified weather-safe area.
- Ensure that the NOAA weather radio is monitored continually.

Outside Hazardous Material Release Shelter Alert

This term is used to describe a specific shelter alert due to an outside air contamination emergency at or near the building. This could be the result of a suspected chemical, biological, or radiological incident or a nearby hazardous material spill.

Outside Hazardous Material Release Alert

When activating an Outside Hazardous Material Release Shelter alert, take the following steps immediately:

- Announce an Outside Hazardous Material Release Shelter alert.
- Bring students/staff/visitors into the main building from outdoor activities.
- Evacuate relocatable classrooms if safe to do so.
- Secure/lock exterior doors and windows.
- Hold students in their current locations inside the building until the best course of action can be determined.
- Turn off electrical power to ensure immediate shutdown of HVAC.
- Ignore fire alarm system only during this Outside Hazardous Material Release Shelter alert.

Parent/Child Reunification

All schools have plans in place to reunite students with their parents/guardians in the event of an emergency at a school. This process will ensure the safe and orderly reuniting of students and parents/guardians. Schools will ensure that a three-step approach is used:

- Verify the authorization to release the student.
- Locate the student.
- Sign out student and unite student and parent/guardian.

Firearms

- Avoid attempts to disarm/subdue an armed subject.
- Notify administrator/designee and school-based security of any firearm incidents immediately, and call 911 with details.
- Determine the need to implement either a Lock-down or a Public Safety Shelter alert.
- Abandoned/discarded firearms should be covered by appropriate means and never left unattended.

Bomb Threat Assessment

- Factors to consider:
 - » Specific details provided by the threat.
 - » Number of prior threats to the school.
 - » Current events surrounding the school.
 - » Demeanor of the threat.
- The administrator will make a decision on evacuation based on an assessment of the situation and input from other school administrators, the Department of Systemwide Safety and Emergency Management, and the police. Any disagreement will be resolved in favor of evacuation. Refer to MCPS Regulation EKC-RA, Bomb Threats/Explosive Devices. Use a Directed Evacuation to evacuate the school.
- Evacuation **is warranted only** if the threat level is high.
- Evacuation **is not warranted** if the threat level is low.
- A Public Safety Shelter alert is recommended and sweep/scan teams should be used during a low-level threat when the building is not evacuated.
- Notify school administration immediately. Report the bomb threat to OTLS- OSSI and contact 911.

Bomb Threat Sweep/Scan

- In certain circumstances, staff volunteers may be asked to sweep/scan the facility or grounds for suspicious items.
- A sweep/scan should be conducted in teams and only by visual means (eyes and ears only).
- If a suspicious item is discovered during a sweep/scan, evacuate to a 300-foot safe zone and immediately notify administrator.
- If a suspicious item is located, do not use a radio or cell phone in the immediate area; i.e., within 25 feet in all directions.
- No suspicious item should be handled in any manner by school staff. Do not touch it!

What to do During an Earthquake

Stay as safe as possible during an earthquake. Be aware that some earthquakes are actually foreshocks, and a larger earthquake might occur. Minimize your movements to a few steps to a nearby safe place and, if you are indoors, stay there until the shaking has stopped and you are sure exiting is safe.

If Indoors

- **Drop** to the ground; take **Cover** by getting under a sturdy table or other piece of furniture; **Hold On** until the shaking stops. If there isn't a table or desk near you, cover your face and head with your arms and crouch in an inside corner of the building.
- Stay away from glass, windows, outside doors and walls, and anything that could fall such as light fixtures or furniture. Use a doorway for shelter only if it is in close proximity to you and you know it is a strongly supported, loadbearing doorway.
- Stay inside until the shaking stops and it is safe to go outside. Most injuries occur when people move to a different location or exit the building.
- Do not use the elevators

If Outdoors

- Stay there. Move away from building, streetlights, and utility wires.

Montgomery County Public Schools (MCPS) prohibits illegal discrimination based on race, ethnicity, color, ancestry, national origin, nationality, religion, immigration status, sex, gender, gender identity, gender expression, sexual orientation, family structure/parental status, marital status, age, ability (cognitive, social/emotional, and physical), poverty and socioeconomic status, language, or other legally or constitutionally protected attributes or affiliations. Discrimination undermines our community’s long-standing efforts to create, foster, and promote equity, inclusion, and acceptance for all. Some examples of discrimination include acts of hate, violence, insensitivity, harassment, bullying, disrespect, or retaliation. The Board prohibits the use of language and/or the display of images and symbols that promote hate and can be reasonably expected to cause substantial disruption to school or district operations or activities. For more information, please review Montgomery County Board of Education Policy *ACA, Nondiscrimination, Equity, and Cultural Proficiency*. This Policy affirms the Board’s belief that each and every student matters, and in particular, that educational outcomes should never be predictable by any individual’s actual or perceived personal characteristics. The Policy also recognizes that equity requires proactive steps to identify and redress implicit biases, practices that have an unjustified disparate impact, and structural and institutional barriers that impede equality of educational or employment opportunities.
