

Burnt Mills Elementary School Improvement Plan 2024-25 School Year At-A-Glance

Literacy Goal:

By the end of 2024-2025 school year, **at least 90.0%** of all students will meet the **academic achievement** milestone for proficiency in literacy.

By the end of 2024-2025, **at least 67% of all K-2 students** will meet the DIBELS EOY composite score.

Kindergarten: 420 1st: 441 2nd: 439

By the end of 2024-2025, **at least 47% of all 3-5 students** will meet the Spring MAP-R requirements for a score of 3 or higher

3rd: 630L -1134L 4th: 825L -1249 5th: 1000L -1364L

Literacy Progress Goal(s) (*focused on underserved population*)

Projected Individual Progress:

By the end of 2024-2025 **at least 40%** of EML students will show progress towards English language proficiency as measured by ACCESS

Growth Goals: Literacy Progress Metrics

By June 2024, **at least 35%** of EML students (K-5) will show growth in making progress towards learning English as demonstrated by ACCESS annual growth target.

By June 2025, **at least 40%** of EML students (K-5) will show growth in making progress towards learning English as demonstrated by ACCESS annual growth target.

By June 2026, **at least 46%** of EML students (K-5) will show growth in making progress towards learning English as demonstrated by ACCESS annual growth target.

Mathematics Goal:

By the end of 2024-2025 school year, **at least 90.0%** of all students will meet the **academic achievement** milestone for proficiency in math.

By the end of 2024-2025, **at least 63% of all K-2 students** will meet the Spring MAP-P requirements for a score of 3 or higher

Kindergarten: 159 1st: 178 2nd: 191

By the end of 2024-2025, **at least 40% of all 3-5 students** will meet the Spring MAP-M requirements for a score of 3 or higher

3rd: 203 4th: 216 5th: 229

Math Progress Goal(s) (*focused on underserved population*)

Projected Individual Progress:

By June 2025, **at least 66%** of K-2 EML students will meet their individual MAP-P projected growth goals (spring to spring)

By June 2025, **at least 64%** of 3-5 EML students will meet their individual MAP-M projected growth goals (spring to spring)

Growth Goals: Math Progress Metrics (5-6% attainable increments)

By June 2024, **at least 60%** of K-2 EML students will meet the math EOL external measure on MAP-P

By June 2025, **at least 66%** of K-2 EML students will meet the math EOL external measure on MAP-P

By June 2026, **at least 72%** of K-2 EML students will meet the math EOL external measure on MAP-P

By June 2024, **at least 59%** of 3-5 EML students will meet the math EOL external measure on MAP-M

By June 2025, **at least 64%** of 3-5 EML students will meet the math EOL external measure on MAP-M

By June 2026, **at least 70%** of 3-5 EML students will meet the math EOL external measure on MAP-M
