

These Droids are winners

JOHN ASTILL

The Germantown Droids, eight students who have been meeting since August to build robots from Lego blocks, won first place and a champions award at the Maryland Qualifier competition at University of Maryland, Baltimore County on Jan. 29. The Droids now face off against other Maryland teams at the state finals this month. State winners are chosen by lottery to attend the annual World Festival in St. Louis. Pictured are Abdirisak Mohamed (Asst. Coach), Sam Schrantz, Angelo Castro, Ms Amy Bryant (GES Principal), Charlie Brill, Jordan Qassis, John Astill (Coach), Nikola Bura, Ms Meegan Marino (GES Teacher), Adj Sastry, Peter Gerard, Ladan Mohamed.
