

4th Grade News!

Ms. Burfeind, Ms. Egan, Ms. Fierstein

This month, we...

Math

multiplied multi-digit numbers using a variety of strategies, including array model, area model and partial product.

English Language Arts

read and compared characters in fables, fairy tales, and fantasies in order to analyze their actions and reactions and to determine how we reveal ourselves to others; revised and edited our fairy tales.

Social Studies

used real life scenarios to study economics.

Health

practiced mindfulness strategies to help us cope in difficult situations and studied advertising techniques to help us evaluate ads and be thoughtful consumers.

Next month, we will...

Math

use area and perimeter to solve real life scenarios; convert units of measurement and divide multi-digit numbers using a variety of strategies.

English Language Arts

read and compare selections about nature in order to analyze how different writers respond to nature; use research in order to write an informative text.

Science

investigate how the senses work together to send signals to the brain and how the brain processes this information.

Health

develop plans for personal well-being.

Upcoming Dates to Remember

12/10 - PTA Holiday Bazaar

12/9 - 12/13 - Scholastic Book Fair

12/18 - Marking Period 2 Interims Available

12/23 - 1/1/19 - No School - Winter Break!

Please Reinforce at Home

- Nightly homework – reading, math, literacy log
- Conversations - talking with your student will have a positive effect on all areas of academics
 - Math fact fluency - both addition and multiplication
