

4th Grade News!

Ms. Burfeind, Ms. Egan, Ms. Fierstein

This month, we...

Math

used our understanding of place value to identify the relationship between digits, as well as to compare multi-digit numbers.

English Language Arts

established routines for the English Language Arts block, including developing expectations for independent work stations, whole group mini-lessons and small group instruction.

Health

identified our learning styles and practiced good communication strategies.

Social Studies

learned how Native American tribes in Maryland adapted their environment to meet their needs for food, clothing, and shelter.

Next month, we will...

Math

round numbers and add and subtract using the standard algorithm.

English Language Arts

develop ideas by identifying the main idea and supporting key details of a text.

Health

learn about growth mindset in order to develop personal goals for the semester.

Science

learn what energy is, what different energy sources are and how energy is transferred.

Upcoming Dates to Remember
