HATE BIAS INCIDENTS

Hate-Bias Incidents are incidents involving discrimination based on personal characteristics. Discrimination in any form will not be tolerated. Equity also requires proactive steps to identify and redress implicit biases and structural and institutional barriers that too often have resulted in identifiable groups of students and staff being unjustifiably or disproportionately excluded from or underrepresented in key educational program areas and sectors of the workforce, as well as over-identified in student discipline actions. MCPS and Rosemont ES will be proactive in our approach, as well as investigate and respond to incidents of hate bias, whether or not they rise to the level of criminal activity as identified by the Montgomery County Police Department. Thank you for your continued support to ensure that all of the students at Rosemont feel accepted and safe.
