

How can I help my
child with **MATH**?

Count your steps as you take a walk. Count by 1's, 2's, 5's, and 10's.

Give your child story problems to try and solve. Have your child **explain** how to solve the problem.

Let your child help you cook. Cooking involves a lot of counting and measuring.

Help your child **learn math vocabulary**.

Give your child coins to practice counting money.

Have children point out patterns they find.

Show your child that math is in our everyday lives.
