

MEET THE TEACHER!

A Bit About Me

I have practiced as an Occupational Therapist for almost 23 years. This will be my 11th year with MCPS and my first year at just one school, instead of 2 or 3! I enjoy what I do and it does my heart good to see students improve and gain in their fine motor and sensory regulation skills. I am an American born Korean. My father is from the North, my mom from the South. I am a 3rd generation Seventh-day Adventist Christian.
