

# Multiplication/Division Fact Triangles 1

The large triangle is divided into four smaller triangles by two dashed lines. Each small triangle contains numbers and mathematical symbols for multiplication and division.

- Top-left small triangle:** Vertices are 2, 4, 8. Contains symbols  $\times, \div$ .
- Top-right small triangle:** Vertices are 4, 6, 8. Contains symbols  $\times, \div$ .
- Middle-left small triangle:** Vertices are 2, 2, 4. Contains symbols  $\times, \div$ .
- Middle-right small triangle:** Vertices are 2, 3, 3. Contains symbols  $\times, \div$ .
- Bottom-left small triangle:** Vertices are 5, 2, 10. Contains symbols  $\times, \div$ .
- Bottom-right small triangle:** Vertices are 3, 6, 9. Contains symbols  $\times, \div$ .
- Bottom-most small triangle:** Vertices are 4, 15, 20. Contains symbols  $\times, \div$ .
