

Support Construction Education in MCPS

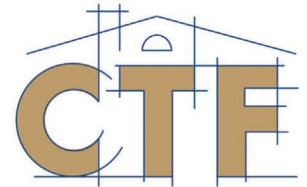

Mission:

The Construction Trades Foundation (CTF) provides classroom instruction, lab settings, and authentic, real world experiences for students. Exciting career pathways prepare students for a wide range of post-secondary options within the construction industry. Programs include rigorous curriculum, state-of-the-art technology, career pathway programs, industry certification opportunities, articulation agreements, community business partners, entrepreneurial projects, scholarships/awards and SSL hours.

Purpose:

The CTF requires land in close proximity to Edison and Seneca Valley High Schools to continue the student design-build projects. With the ever increasing land cost and limited opportunities near the schools, the CTF needs sponsors to help defray the purchase cost of the land.

Montgomery County Students CONSTRUCTION TRADES FOUNDATION

BECOME A SPONSOR

Gold- \$ 10,000

Silver- \$ 5,000

Bronze- \$ 2,500
