Guest Speaker
Joe Minty physics

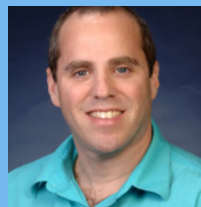

February 27th
Guest Speaker
Amanda Glanzer
Community
Theater

Rescheduled from
November 15th
Guest speaker
Annie Mullin
Public Health

February Date
TBD
Craig Schlenoff
Robotics for NIST

Coordinator Clements's Comments

I hope that everyone is off to a successful second semester!

We have a few guest speakers coming up. Joe Minty will be here on Valentine's Day. He is coming to speak about space exploration and his work at the Applied Physics Lab of Johns Hopkins University.

I am also looking forward to hearing from Amanda Glanzer who works for a community theater and can give her perspective on creating a career in the performance arts.

Lastly, I have had to reschedule Annie Mullin several times so I am hopeful this is the month we can finally get her in. I am also trying to schedule Craig Schlenoff to come in and talk about robotics.

In the next week or so you will get a communication from me about your current standing in the APPS program. This will include your cumulative GPA and a list of the APPS activities you have participated in.

I delayed the publication of this February newsletter as I wanted to include information from our trip to the Capitol. Sadly, half of our group's trip will be rescheduled due to the 2 hour delay. The group that was supposed to attend the field trip on Thursday February 6th will now attend on February 18th.

January Students of the Month

Students of the month are nominated by their teachers for their hard work in class.

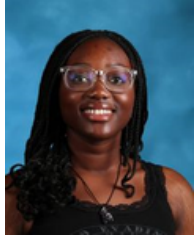

Jasmine Wong is truly a leader among her peers. She is incredibly intelligent and self aware. As a senior, she is just as dedicated to her learning.

Class of 2025

Ishan Ganesh is a great student. He asks excellent questions and is interested in everything he is learning. He is also patient and kind which teachers always love!

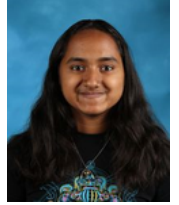

Class of 2027

Arewaoluwa Alade is a super student who is consistent, polite, and turns in excellent work. She has a calm quiet confidence.

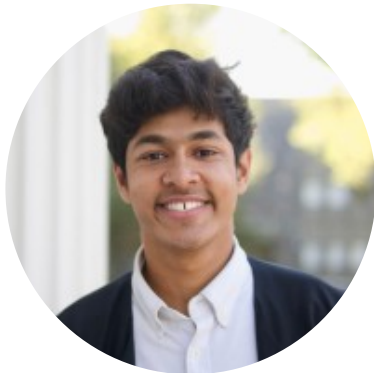

Class of 2026

Shreya Venkatraman is dedicated to learning. She is a wonderful participant in the classroom and is a joy to teach.

Class of 2028

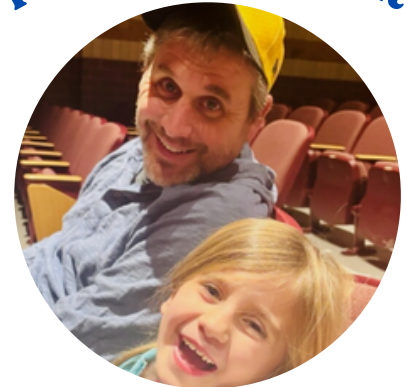

Alumni Spotlight

Arpan Barua graduation from CHS in 2019 and attended Tufts University in Boston, MA. He graduated with a degree in philosophy, civic studies, and mathematics. He is currently the director of a community organization in Boston that works to assist families in with services and resources to provide better homes and education for children.

Faculty Spotlight

Mr. Trumbull has been at Clarksburg High School since 2018. He is an active member of the faculty as the TV studio teacher, an AP Government teacher, and a coach for track and field and cross country. He is well known for his lovable curmudgeon affect. He has two adorable daughters and an amazing wife who also works at CHS. He is a huge fan of western PA athletic teams.
