College Essay Brainstorming - questions to get you started!

1. What are the three most important parts of your High School experience? In or out of class (NOT class related)
2. In what ways has your community shaped who you are?
3. What is something you can talk about for hours? (If this is sports, leadership or service related be more specific)
4. Think of a moment you were the most yourself. What were you doing? (No class related stuff)
5. Quirks can differentiate us, do you have a quirk?
6. What are five words your best friend would use to describe you?
7. What have you done to make your school, community, group or family better through your actions?
