The 2023-2024 school year will begin on **August 28, 2023**. We are looking forward to a successful year for your son/daughter at Northwest High School. This news bulletin contains important information to make this an outstanding academic year for your child.

SCHEDULES will be distributed to students through homeroom on August 28, 2023.

Homeroom will begin promptly at **7:45 a.m.** Homeroom assignment lists will be posted in all hallways. Students are encouraged to arrive by **7:30 a.m.** in order to find their homeroom assignment. All students are expected to attend homeroom in order to receive their schedule.

Students who have attended summer school and passed their class should call their counselor immediately to change their schedule to reflect the summer school credit received.

The counselors have worked hard to reconcile any conflicts that have occurred in your student's schedules. Wherever possible, the alternative class your child selected during the registration process replaced the class in conflict. If it was not possible to fit in their alternative choice, another class from the same discipline was used to replace the class in conflict.

Schedule Changes will be minimized when the school year begins. We will focus only on the following three reasons:

1. The student is missing a period in schedule.
2. The student is in the wrong level class.
3. A senior needs a course for graduation

If you have any concerns regarding your child's schedule, please contact your child's counselor so the schedule can be reviewed prior to the opening of school. We are looking forward to a great school year.

HIGH SCHOOL PLUS

The goal of the Northwest High School Plus extended day program is to ensure that students pass courses required for graduation. This program is only for students who have failed a course that is required for graduation. Students most in need of High School Plus are identified through end-of-course grades and input from school counselors. Students who would benefit from this program are encouraged to take advantage of this free opportunity to earn credit.
