

H.V.A.C

Heating Ventilation and Air Conditioning

Want to make over \$45,000-\$75,000 a year? Do you love working with your hands and mind? Do you love helping people? If yes, think about the HVAC program at Thomas Edison High School of Technology.

At TEHST, graduating HVAC students will be recognized as industry ready applicants.

Students will benefit from the national standardization (NCCER), which provides portability of learned job skills and educational credits.

Classroom and lab activities will include a variety of hands-on laboratory experiences, class discussions and critiques, open-ended problem solving, work-based learning and project-based learning.

Students will be required to draw upon academic skills in the areas of mathematics, science, language arts and technology.
