Youth Development Specialist

Hey! My name is Ms. Payton. I am here to support students through their individual journey of wellness. I work with students one-on-one, in groups, and/or in workshops. I aim to foster a welcoming and inclusive environment for all Wildcat students. Don't hesitate to stop by and say hi!

Mental Health Therapist

Hey there, my name is Mr. Alon, I am the Mental Health Specialist. As such, I conduct scheduled sessions with students who wish to meet with me. Here, we talk about the things that trouble you in your life and try to figure how they affect you. The important thing is, I'm not here to teach, I'm not here to preach, I'm not even here to give advice. I am here to help you find your own path, on your own terms.

Care Manager

Hello! My name is Ms. Lisa. I am the resource person that can work one on one with students, parents/guardians to find resources and meet goals such as: Housing needs, Food insecurity, disability support and other general assistance. In the past I have worked with families and individuals experiencing homelessness, and I have also worked as a crisis counselor.
