

Good Evening, Loiederman Families!

This is Megan McLaughlin, proud principal of LMS, calling with some important information. Tomorrow, Monday, January 10 is an ODD Day.

- **COVID Reporting:** MCPS created [a Google form](#) for reporting if your student tested positive for COVID-19. We want to be sure families understand the timeline around exposures and positive tests. We have provided a [quarantine calculator](#) with all of the dates to help families determine when their child should return to school after testing positive for COVID-19. Again, please use the link above to report if your student tested positive and please use the calculator to determine timelines for your student's return to school.
  - **Virtual PTSA Meeting on Tuesday 1/11/22:** The Loiederman PTSA will be meeting on zoom this Tuesday, January 11 at 7:30 pm. With the constantly evolving state of MCPS, we are sure our community members have a great deal of questions. Please enter up to two questions you would like to ask Ms. McLaughlin. She will do her absolute best to provide an up-to-date answer in time for the PTSA meeting on Tuesday evening. Enter your two questions in this [Google Form](#).
  - **Dance Students:** Due to the restrictions on extracurricular activities, the Dance Concerts will not take place 1/11-1/13. All students will still be performing during class time to create a concert video. A letter was sent home last week and you can view the information in your student's canvas page. Please reach out to any dance teacher for more information.
